Suite 3802  
Boston, MA 02114

Dear Dr. Shtern:

I would like to thank AdMeTech Foundation for your participation as sponsor, coordinator, and as an exhibitor in the Congressional Medical Equipment Exhibition on June 24th. In all of my years in Congress, we have never had such an impressive display of research and medical technology for Members and their staff to see firsthand. This state-of-the-art Exhibit afforded my colleagues and staff, the opportunity to become aware of groundbreaking medical equipment and research innovations.

Thank you again for your participation and for working so closely with my staff to pull this together. It is the first time an event of this kind has been attempted and we are very proud of the results.

Sincerely,
