## OUR GOAL IS TO ADDRESS ANY QUESTIONS OR CONCERNS YOU MAY HAVE, INCLUDING -

- 1) How to protect yourself, your families and your communities and decrease health disparities?
- 2) What are the latest developments in prevention, diagnosis and treatment of COVID-19?
- 3) Why other health conditions cannot wait in the face of the current pandemic?
- 4) What steps clinical facilities have undertaken to prevent exposure to infection and create a safe environment for taking care of chronic health conditions and medical emergencies?
