

# Sixth Global Summit PRECISION DIAGNOSIS AND TREATMENT OF PROSTATE CANCER

SAVE THE DATES  
SEPTEMBER 22-24, 2022

## Join us in creating and realizing a roadmap for the future of precision care

This Summit is convening the key international opinion leaders and generating a cross-disciplinary dialogue, which has become seminal in shaping the state of the art and new vision for precision management of prostate cancer.

We invite you to share the current and cutting-edge innovations and their role in improving patient management.

You will support medical education and consensus development on the best emerging clinical practices and research priorities, and novel strategies for expedited acceptance of promising diagnostics and therapeutics.
